

CPD Seminars

Makers Construction is able to offer a wide range of Continuous Professional Development (CPD) seminars that cover Testing, Investigation & Diagnosis to concrete structures, Concrete Repairs, Expansion Joints, Liquid Roofing & Applied Coatings and Lifecare Planning for Multi-storey Car Parks.

Seminar 2: Concrete Repair & Protection

A comprehensive overview of different types of concrete repair. This seminar introduces the delegates to the importance of selecting the correct repair mechanism to ensure cost certainty and the longevity of the repair on the project. The seminar structure is the following:

- Concrete deterioration mechanisms
- Methods of testing
- The planning strategy of concrete repair
- Selection of repair systems
- Repair applications and methodology
- Factors affecting effectiveness of repair
